Secret Work is Target Of Sen. Morse

Amendment To College Aid Bill Aimed at CIA

By WILLIAM STEIF Scripps-Heward Staff Writer

WASHINGTON, Oct. 13 -Sen, Wayne Morse, D.-Ore. is determined to restrict secret federal subsidies of college research, especially by the Central Intelligence Agency. He is trying to do this through an amendment to a a 16 - member advisory country through an amendment to a a 16 - member advisory country to the but April 20 must

Morse's amendment would The money could be used require full disclosure in the for graduate fellowships and Morse's amendment would federal agencies.

Aim of Amendment

The amendment apparently is meant to preclude the CIA or any other intelligenca . gathering agency from siphoning funds for secret university_research through HEW.

But an HEW official said today that, despite Morse's restriction, there would be "nothing we could do if a col-lege wanted to sell out for money" to the CIA by dealing directly with CIA.

fears and if we hear that a collega is financing secret work with money we provide, we don't fund the school.'

Project Canceled The CIA has financed re-search at Michigan State, Massachusetts Institute Technology and many other schools. Social science research supported by the Army has embarrassed tha U.S. abroad and, in the case of a Chilean project, led to presidential cancellation of the project.

HEW Secretary John W. Gardner assured Morse the money authorized in tha bill would not go to non - profit firms like the Rand Corp., which does research for the Air Force, the Research Analysis Corp., which does the same for the Army, or for founda-tions "maintained by the CIA"

as cover agencies."

Advisory Council The Senate measure sets up house - passed bill, due up for cil which by April 30 must Senate debate later this week, report to the President on The bill would authorize fed how to carry out the law. eral aid to colleges and uni- Only \$1 million would be auversities to run graduate centhorized for this fiscal year, ters for advanced internation \$40 million for fiscal 1968 and \$90 million for fiscal 1969,

Federal Register of any con- also to help colleges improve tracts between the Health Ed-thcir undergraduate instruc-ucation and Welfare Depart-tion in international studies ment, which administers such and languages. Institutions college aid, and any other "most in need of funds (and) able to use funds effectively would get preference. Public and private non - profit organizations could be aided.

Teachers Programs High school teachers would be set up with an \$8 million a - year program for international affairs institutes. A \$15 million - a - year program would subsidize foreign students coming to the U.S. with \$3,000 a year apiece. U.S. students would be permitted to borrow from HEW to finance This official said the CIA study of medicine, osteopa-has contracts "with 80 - odd thy, dentistry or optometry at colleges". He added: "Wo foreign schools approved by
